An Appeal for Your Continued Support

Financial impact on our parish: Our parish continues to face daily operating obligations for utilities, insurance, taxes, wages, and essential maintenance of the church. However, by losing the weekly financial contributions of parishioners, we lose the cashflow and financial resources that allow us to meet these fiscal obligations. These costs will accumulate if we do not receive the required revenue.

Our Appeal: We find ourselves obliged to request assistance from our parishioners and in particular those who faithfully donate their contribution by using Sunday envelopes. Our first obligation is to express how grateful we are for your loyal, unending kindness and generosity in supporting our parish.

The Request and Conditions for gifting: *If any gifting imposes a level of hardship of any kind whatsoever, please do not donate. Any amount you can provide will be a great assistance to us. Please consider one of the suggested gifting methods for your current weekly or monthly donation:*

1. dropping your envelope into the newly installed secure mail drop box just outside the Parish's Office exterior door. If you are able, please make your contribution by cheque. Please do not postdate cheques if you are using this method. Also, please consider making your weekly gifting in one monthly gift. For health reasons, we wish to reduce the risk to our money counters that comes with handling paper notes.
2. forwarding to the parish, by local mail, a series of postdated cheques and Sunday envelopes.
3. consider signing up for Pre-Authorized Donation Program, contact the office for more information.

Lord, send forth your Spirit, and renew the face of the earth.

(Psalm 104 of Easter Vigil)

Easter Message 2020

Dear brothers and sisters in Christ,

The year 2020 will go down in history books, regardless of the outcome of the COVID-19 pandemic. The battle against this tiny but dangerous virus is not over yet. The whole world is affected and trying hard to deal with its impact that has changed the normalcy of life. Whenever we will gain back our normal lives, it will be a “new normal”.

I’m sure you would agree that many things we took for granted were taken away from us. This might not be entirely bad. Maybe this challenge will open our eyes to those things that we truly treasure and make us realize what is most essential in our lives. I know for one thing, that this virus has not taken away my faith. God is evermore present and seeks ways to enter into my life. Throughout history, humanity has been hit hard with wars, natural disasters, oppression and corruption, plagues and diseases of all kinds. Never was God absent like some might want to think. Just like Christ on the cross, one may feel abandoned and in need of reassurance.

So what is the good news that Easter morning brings us? What sign of hope can we stand on to surpass the suffering and misery we experience? The powerful victory of Christ over death and evil is the Good News. His resurrection from the dead opens the door the eternal life for all who believe in him. In Jesus Christ, and empowered by the Holy Spirit, we are bound to one another in a love that heals and forgives and in a life that has no end. It is no wonder why Christians throughout history have been able to be pillars of hope despite the hardships of life. As living-giving communities, they supported one another and laid down their lives for the sake of the brothers and sisters in Christ even if they were strangers.

As we reflect upon the importance of spiritual communion in the midst of social isolation, let us acknowledge and celebrate the source of our joy and our hope. Let us proclaim with zeal and courage, that a life in communion with God, Father, Son and Holy Spirit, truly makes a difference and is worth living no matter what trials come our way. Remain faithful to God, follow Christ your Lord and walk empowered by the Holy Spirit.

May we sing the refrain of Psalm 104 from the Easter Vigil as we pray for a new world, free of evil and the coronavirus: “*Lord, send forth your Spirit, and renew the face of the earth.*”

Happy Easter to you all and blessings upon your loved ones.

To School Board officials and employees,
to School Trustees,
to teachers and educators,
to students and their parents:

To all the people involved in Catholic education, I come to assure you of my presence, my support and my prayer, during this very difficult time. To those of you who show dedication and creativity in helping children and youth continue to learn, in one way or another, during this period of imposed isolation, THANK YOU! To parents who improvise constructive and educational activities in an attempt to occupy and interest their children, THANK YOU! To children and young people who agree to stay home, thus contributing to our collective effort to slow the spread of coronavirus, THANK YOU! To all those who, despite distance and isolation, invent ways of helping and encouraging others, THANK YOU! Together, let us pray for all the people who are affected by this pandemic throughout the world.

I take this opportunity, at the start of Holy Week, to wish you a deeper understanding of the greatness of Christ's gift to us, as we relive the days of his Passion and Resurrection. May the joy of Easter morning give you the vitality and the hope that will help you meet all the challenges before us.

Yours in Christ,

MESSAGE TO FIRST RESPONDERS AND HEALTHCARE WORKERS

As do many other people, I wish to acknowledge the extraordinary efforts and sacrifices being put forward by our first responders, health and spiritual care teams and all other healthcare workers in our hospitals, nursing homes and home care settings.

Health care workers currently face new and unprecedented concerns, such as fears about the rapid spread of the virus, concern for family members who are not allowed to visit their loved ones, isolation of patients while they are most vulnerable, uncertainty about the short and long-term impact of the pandemic.

We assure you that, by following the critically important guidelines of our public health authorities, we are doing everything we can, in solidarity with all Canadians, to help flatten the curve of the pandemic and thus lighten your burden.

I join the priests and the faithful of the Diocese of Sault Ste. Marie in assuring all of the front-line workers of our prayerful support. We pray for your safety and courage, as you so generously give the best of yourselves to serve the sick, the vulnerable and the dying, often at your own personal risk. For your patients, you are a concrete expression of God's compassionate love. Thank you!

May God bless you for your selfless dedication, sacrifice and perseverance during these exceptional times.

On behalf of the people of our Diocese, I sincerely thank you. Along with Christians around the world who have entered into the Holy Week that leads to Easter, may we call upon Jesus Christ's victory over death and evil to put an end to this pandemic and provide consolation to all those who have suffered from this crisis.

Yours in Christ,

+Marcel Damphousse
