Overcoming blind spots in our own lives:

The Gospel of Luke was written by a disciple who was trained as a physician. Luke, with keen insight, portrays Jesus as the good physician and shepherd of souls who seeks out those who desire healing, pardon, and restoration of body, mind, and spirit. Jesus came to free us from the worst oppression possible - slavery to sin, fear, and condemnation.

Like a gentle and skillful doctor, the Lord Jesus exposes the cancer of sin, evil, and oppression in our lives so we can be set free and restored to wholeness. A key step to healing and restoration requires that we first submit to the physician who can heal us. The Lord Jesus is our great Physician because he heals the whole person - soul and body, mind, and heart - and restores us to abundant life both now and for the age to come in his everlasting kingdom.

The Lord Jesus wants to heal and restore us to wholeness, not only for our own sake alone. He also wants us to be his instruments of healing, pardon, and restoration for others as well. What can hinder us from helping others draw near to Jesus the divine Physician?
