God rewards those who use their gifts for serving Him and the good of others:

What do coins and the law of economics have to do with the kingdom of God? The Lord entrusts the subjects of His kingdom with gifts and graces and He gives His subjects the freedom to use them as they think best. With each gift and talent, God gives sufficient means (grace and wisdom) for using them in a fitting way.

The parable of the talents shows us that God abhors indifference and an attitude that says it's not worth trying. God honors those who use their talents and gifts for doing good. Those who are faithful with even a little are entrusted with more! But those who neglect or squander what God has entrusted to them will lose what they have.

There is an important lesson here for us. No one can stand still for long in the Christian life. We either get more or we lose what we have. We either advance towards God or we slip back. Do we seek to serve God with the gifts, talents and graces He has given to us?
